

# **Technical Notes**

Installing the Driver for Windows XP (6 pages)

A. Download and Extract New Driver (if you are using the Driver disc skip to part B)

- 1. Download the new driver.
- 2. Open the AnaPrint V3 .2.zip file and copy the **inf** folder to the desktop.
- 3. Now you are ready to install the driver.

#### **B. AnaPrint Driver Disc**

- 1. Insert the AnaPrint driver disc (skip if you have already downloaded the driver)
- 2. From the driver disc click on the **Driver** heading/folder
- 3. Access the English language folder (if that is the language that is desired) and copy the **inf** folder to the desktop.
- 4. Now you are ready to install the driver.

#### **C. Installing New Driver**

- 1. Unplug USB cable from Printer side OR PC side
- 2. Re-plug in USB cable
- 3. Found New Hardware Wizard will appear. For the first screen, choose "No, not at this time" then click Next

Found New Hardware W	izard
	Welcome to the Found New Hardware Wizard Windows will search for current and updated software by looking on your computer, on the hardware installation CD, or on the Windows Update Web site (with your permission). Read our privacy policy
	Can Windows connect to Windows Update to search for software? Yes, this time only Yes, now and every time I connect a device No, not this time Click Next to continue.
	< <u>B</u> ack <u>N</u> ext > Cancel

4. Choose "Install from a list or specific location (Advanced)" then click Next

5. Choose "Don't search. I will choose the driver to install." then click Next

## 6. Click on Have Disk

Select the manufacturer and model of your disk, click Have Disk. If your printer is not I	printer. If your printer came with an installation

### Hardware Installation

The software you are installing for this hardware:

Printers

has not passed Windows Logo testing to verify its compatibility with Windows XP. (Tell me why this testing is important.)

Continuing your installation of this software may impair or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing.

#### 13. Click on Finish

Found New Hardware Wizard		
	Completing the Found New Hardware Wizard The wizard has finished installing the software for: ANAJET 125	
	Click Finish to close the wizard.	
	Cancel	

14. Your new AnaJet driver is now installed.
